"Free Men Free Labor, and Free Speech."

This is the motto of the Abolitionists, and the conduct of the Chicago rowdies at the late Douglas meeting, is a fair illustration of what they mean by it. They tolerate "Free Speech" only when it chimes in with their detestable heresies, but when it attempts the pencable discussion of the opposite doctrines of State Rights Popular Sovereignty, the Constitution, and the Union, they imitate the spirit and follow the example of Louis Napoleon and other European Despots, whose most potent argument is the bayonet and the sword.—*Daily News.*

This sounds very well, or would, if it came from another quarter. This accusation against the Free Soil men is false, villainously false. The *News* knows that the Free Soilers have not been in the habit of breaking up meetings, or hissing down speakers. What we said a few days since in regard to free speech, we have had confirmed in the case of the recent Syracuse Convention. Every hunker paper that comes to our table has sanctioned by silence or direct approval the course of the Nebraskaites in that Convention. What was the truth in the matter? The Anti-Nebraska men listened to the "Popular Sovereignty" speech of Mr. Cochran with patience and silence, but when Preston King spoke he was hissed by the Nebraska men, and would have been put down if they had had the strength to do it. And the Convention did hiss down the venerable Mr. Mann, and a motion was actually made to throw him out of the window. The history of this Convention is the history of nearly every Convention in the country—the hunkers hiss and the Free Soil men listen.

Cannot the News recollect how the gag was applied in the House of Representatives in order to hurry this Nebraska iniquity through? Has it forgotten how Charles Sumner was gagged in the Senate—in the Star-chamber of pro-slavery Iniquity?

The goaded, abused and threatened people of Illinois *do* refuse to hear the *author* of "all these woes," but where else, in all the history of the country, can you find an instance of Free Soil men disturbing the exercise of free speech?—There is not one!

And the people of Illinois have not refused to hear any respectful argument in favor of Nebraska, and it is only when they have been insulted and outraged, that they refused to hear.

Dodge Co. Republican Conventions

To appoint delegates to the Waupun Congressional Convention, are to be held in the several Assembly Districts, on the 18th inst, at 10 o'clock P. M., as follows:

In the District comprising the towns of Le Roy, Lomira, Williamstown and Theresa, at Phelps' Tavern, in Mayville.

In the District comprising the towns of Hubbard, Herman, Hustisford and Rubicon, at Voight's store, at Iron Ridge.

In the District comprising the towns of Emmet, Lebanon, Ashippun, and the 5th and 6th Wards of Watertown, at the Kinmore School House, in Lebanon.

In the District comprising the towns of Fox Lake, Calamus, Trenton, Westford and Beaver Dam, at Wells' Tavern, in Trenton.

In the District comprising the towns of Oak Grove, Burnett and Chester, at the Rolling Prairie House.

In the District comprising the towns of Elba, Lowell, Clyman and Portland, at Clark's Tavern, in Lowell.

If the Republicans of the Third Congressional District make a good nominationan, they can elect their candidate. Macy will probably be renominated. He is working hard for it, and has the aid of A. Hyatt Smith, and the State Administration. The Sentinel is misled by the Plaindealer, which included the 3d District in its ukase for new men, but meant only the First District. It is Wells whom the Administration wants to thrown overboard. Macy is their man. We think the Hunker candidates will be, Wells, Hoyt and Macy, and the Congressmen will be all Republicans.

JUDGE SPOONER.—We have been asked by many friends in this county and Waukesha, whether Judge Spooner is reliable in all contingencies. We answer, yes. He would suffer crucifixion sooner than betray the cause of Freedom. He will be bold and uncompromising, and will do honor to his constituents. The people of this District may well be proud of such a Representative as he will make. The tide is setting strongly in his favor.

VERMONT.—The anti-Nebraska victory is more overwhelming than was at first reported. We believe Judge Royce's majority for Governor will not fall below 10,000, while those of Gen. Fletcher for Lieut. Governor, and Mr. Bates for Treasurer will run up to 12,000—some scattering votes having been thrown against Judge Royce as not sufficiently decided on the Temperance question.

The Pierce and Douglas men have not carried a *County or Senator in the State*—not a member of Congress, nor a State officer. Douglas' *native* county returns 26 Anti's to 2 Nebraska's—and out of 230 members elected, the Douglas men will not have 30.

AMOS P. MORRILL, the Governor elect of Maine was the Free Democratic and anti-Nebraska candidate, and was elected by the people over Reed, a Whig, Parris, regular Hunker, and Corey, anti-Maine Law Hunkers candidate. A great triumph.

SLAVERY IN KANSAS.—A Missouri paper gives the following proceedings of a meeting of the Kansas Slaveites, held at Fort Leavenworth on the first inst.:

"On motion of R. S. Kelly, the resolutions as reported by Mr. Gwinner, were adopted. There being a desire on the part of some persons present, to ascertain how many Free Soilers or Abolitionists were present, the sense of the meeting was taken as to whether Kansas should be a slave or free Territory. All those present who were favorable to Kansas being made a slave State, were requested to raise their hands. A countless number of hands were raised in response to this call. All those present who were favorable to Kansas being made a free State, were requested to manifest it by a similar sign. But *four* persons in that vast assembly were favorable to that motion.

The following resolutions reported by Mr. Gwinner, were passed.

Whereas, we, the citizens of Kansas Territory, in public meeting assembled, in the absence of the Governor duly appointed for our Territory, and desirous of enacting laws for our government, to continue in form until superseded by laws passed by the Legislature, elected by the sovereign people: and further recognizing and acknowledging the validity and beneficial effects of the various ordinances of the Squatter Society; and being desirous that the various laws, regulations, and enactments of the Squatters in this Territory, should be so modified and generalized as to form a general code for the government of the whole Territory, until annulled by laws enacted by the Representatives of the People—therefore, be it

Resolved, 1. That Kansas Territory, (and, as a consequence, the State of Kansas,) of right, should be, and therefore SHALL BE, slave Territory.

2. We hereby declare that, as this society embraces nine-tenths of the present settlers of this Territory, we are entitled to, and will exercise the right of expelling from the Territory, or otherwise punishing, any individual or individuals who may come among us and by act, conspiracy, or other illegal means, entice away our slaves, or clandestinely attempt, in any way or form, to affect our rights of property in the same."

The editor of the Potosi Republican is in a quandary. He has uttered brave words against the Nebraska bill and its supporters, and has prophesied the defeat of the Democratic party if it should do what it has done at Mineral Pt. But what he do he hardly knows. He says of that Convention and the nomination of Doctor Hoyt:

"Previous to his nomination, resolutions were adopted endorsing the National Administration, which, we suppose, means Nebraska, Greytown, the Gadsden Appropriation and all. But we withhold further remarks, until we are informed as to what the resolutions really were, and ascertain what 'manner of man' we are called upon to support for Congress."

The sympathies of the Republican are on the right side, but party makes imperious demands. It finds fault with the Anti-Nebraska Convention of Grant Co., because it appointed delegates to the Republican Convention at Mineral Point.

TWO SPLITS.—The harmonious Democracy held Assembly and Senatorial Conventions at La Crosse, two weeks ago, divided and made two sets of nominations. The Democrat says:

"In the first, or Assembly District Convention, Chase A. Stevens, Esq., received the nomination. In the seceding Covention; Col. John Simonton received the nomination. In the Senatorial convention, Hon. Wm. J. Gibson received the nomination. In the seceding Convention Hon. A. D. La Due received the nomination."

Mr. Stevens publishes a card, in which he says:

"That if elected, I shall use all honorable means to further and promote the interests of this District, regardless of party or sectional prejudices; that I shall not suffer my position, influence or vote to aid or abet the extension of slavery in any form whatever, or in any way sanction the Fugitive Slave Law, or what is known as the 'Nebraska bill.'"

QUERE.—To see the Racine Co. Democrat trying to show its consistency in going back to the old Hunker party just before its pro-slaveryism is most intense, declaring that the party has often been sold, and that ever since Dodge and Walker have been U. S. Senators, it has been "distracted, disrupted, and almost annihilated." We thought it had been tolerably strong most of the time, and that if it was distracted and disrupted it was now. It also endorses and defends the Nebraska bill. We predict that it will exceed in servility any old fashioned Hunker press, for that is always true of renegade Free Soilers.

MAINE ELECTION.—The Anti-Nebraskaites have swept everything before them in Maine.—Morrell, free soil, Maine Law Democrat, is elected Governor by a handsome majority, over his three competitors, and the telegraph reports that not a single Democratic Senator has been elected. Where can Pierce look for "aid and comfort" among the Free States. Every Northern State which has held an election since the Nebraska iniquity was consummated, has put the seal of condemnation upon his administration.

JUDGE STOWS IS DEAD!—He was attacked yesterday morning with cholera, and died early this morning, with something resembling apoplexy. He was a very able lawyer and jurist, was one of the first Circuit Judges and the first Chief Justice in this State, and, whatever his personal vices, his word was always as good as his bond, and in his relations to others he was a man of the strictest integrity. He was about sixty years of age. He had for several years been a resident of this city.

A meeting of the bar to make arrangements for his funeral will be held, at the office of Arnold and Hamilton, at 5 o'clock this afternoon.

Iowa Election Returns.—From one of the Judges who canvassed the votes, we learn that Judge Bryan, the Democratic candidate for Senator, in the district composed of the counties of Polk, &c., has received the certificate of the Board of canvassers, although Jordan, his competitor, received some 50 more votes than he. The Poll Books from two townships were rejected on account of some immaterial informality; we have no doubt, but that in contesting this election, and making these facts appear, Jordan will obtain his seat, for we cannot believe that the Senate will disfranchise any county, for the fault of one of its subordinate officers.—*Iowa Reporter.*

CRICKET AHOY.—At a meeting of the Chicago Cricket Club on Monday last, the following resolution was adopted:

Resolved, That the Secretary of this Club be instructed to send a challenge to the Milwaukee Cricket Club, to play a Home and Home game, to be played at Milwaukee on Monday Sept. 25 if it meet their views.

The National Protection Fire Insurance Co., of Hartford, has failed. It is said that it has been in a failing condition for five years. We had Fifteen Hundred Dollars insurance in it.

Lewis, the Notorious Robber.

A favorable and highly interesting feature among the amusements of Doubling Gap, Pennsylvania, is to ascend the mountain and obtain a view from Flat Rock. Recently a party consisting of several ladies and gentlemen, made the ascent. All equipped and prepared in suitable costume, they set out about eight in the morning. Starting ere the sun had cast his golden beams across the towering summit, they soon penetrated thick woods, shrubbery, and rocks, following a narrow pathway, excelsior-like, upward and onward.

After journeying a half mile or more, following a leader who at intervals sounded his bugle, which answered back in echo from neighboring cliffs, they reached the celebrated "Robber's Cave" or lurking place of Lewis, the notorious robber and counterfeiter, who, with Connelly, and another bandit, hid themselves and prowled in this region. The cave opens under a large rock, which projects several yards from its bed, and overhangs a yawning precipice. In former times it was artificially embellished, and suited to the purposes of its inmates, with a rough wall, built by them thirty-five years ago. Immediately in front is a beautiful spring of water gushing forth, as pure as crystal and cold as ice, from its bed of rocks, murmuring down the wild ravine in limpid beauty. How long this streamlet has made music in solitude to the wildness of nature is not for man to know, but we tasted of its waters—they were sweet, refreshing and grateful to us wearied pilgrims. The place seems to be just such a one as bandits would select to hide from justice, and plan deeds of darkness.

Lewis, the notorious robber, from whom this cave takes its name, was the master-spirit of his confederates. At one time his name and fame spread far and wide, whilst he was a terror to the whole Cumberland valley and mountain region round about. Accomplished and successful in his profession, yet he possessed traits of character which, as they stood out isolated, were noble even in depravity. He was reputed to be the handsomest and most perfectly formed man that had ever been seen—tall, majestic, possessing strength and agility unequalled. In single combat none could withstand his physical powers.—Having been a small boy myself at the time of his career, a resident, too, of the neighborhood, I well remember the fearful stories of his exploits, and can attest to his manly appearance, from accidentally seeing him as he passed by the home of my boyhood. He measured at least twenty-four inches across the shoulders, was over six feet in height, and altogether of full proportions; yet his hands and feet so small and delicate that the securest irons or shackles could be slipped over them. Owing to this peculiarity he so often escaped from prison. It is said of him that he never committed murder, nor allowed it to be done by his companions.

On one occasion, after perpetrating a robbery, his friend Connelly proposed to kill the victim, alleging that "dead man tell no tales." Lewis remonstrated, and Connelly persisted. Finally, when the bloody deed was about being consummated, Lewis seized his rifle, and commanded Connelly to desist, or his life should instantly pay the forfeit. He did so coweringly, and the man escaped in thankfulness, minus only filthy lucre. On another occasion he went to a country-house for the purpose of plunder. Finding it inhabited by an eldery widow lady, he told her his business. She said she was poor, had no money, and expected soon to have her property sold for rent. Looking out, she saw the officer then coming. Lewis asked the amount of indebtedness. She informed him, and he presented it to her with an injunction to make no disclosures. He then went out and waited in a retired spot until the constable returned. Stepping up, he demanded his money or his life. The former was given, including the amount received from the old lady for rent, and fifty dollars additional.

Numerous similar incidents are told of him.—When in prison at one time, a beautiful young lady, a friend of the jailor's daughther, fell in love with him. He broke jail; they ran off together, and were married. So distinguished and varied was the character of this man, that he was made the hero of a romance, written and published many years ago by a well-known gentleman of this city. If his eye chance to fall upon this account, he will, no doubt, stir up the musty archives and bring it forth. The career of Lewis ended in his being shot in the wrist, and captured by a party who went in pursuit. He was put in prison, mortification ensued, and he died from the effects a fortnight after. Connelly and the other companions were shot at the same time, mortally wounded, and died in a few hours. The spot where they were captured in the mountains is still marked out as one of interest. The report that large sums of money had been buried near the cave has caused persons to displace rocks in the vicinity and dig for the treasure, but without success.

Fountain City, Buffalo Co., Wis.

MESSRS. EDS.—Fountain City is the name of a village which has been just commenced on the Eastern bank of the Mississippi River, about 50 miles above La Crosse, and 150 miles below St. Paul, and is the only point on the river for 30 miles above or below where the Steamboat channel touches the Wisconsin shore. It is the county seat of Buffalo County; has a Post Office, one store, one Public House, and I may say 14 public boarding houses, as at present every dwelling house in the place is a public boarding house, a blacksmith, gunsmith, carriage maker, shoemaker, and a tailor, and also a saw-mill in process of erection which will be completed next month. One or two more large public houses are much needed to accommodate the strangers who are thronging the place. One or two more stores would do a good business. Carpenters who wish to find employment can find it here, and big wages also. The country back of this place, which includes the valleys of Worumandu, Trempealeau and Chippewa rivers in respect to its agricultural capacities will compare favorably with any portion of this State, and will excel any other locality in point of Hydraulic power, and in extent and richness of its iron mines, and also in practicability and plausibility of the same. During the past four months this county has been settling very rapidly, during which time an addition of over four hundred persons has been made to its population, and the rush still continues. The entry of lands in this county has been by actual settlers, the unsold lands remaining at Government price. There has been selected in this county 13,000 acres of School Lands. These choice lands are to be had at $1,25 per acre, and if desired, on 31 years credit, by paying 7 per cent interest, yearly, and in advance.—*Cor of La Crosse National Dem.*

A TOWN IN ASHES.—The town of New Brunswick, Missouri, was partly destroyed by fire on the morning of the 10th inst., (Sunday.) Nineteen buildings in the business part of the town were burned, and the total loss estimated at $75,000—of which from $40,000 to $50,000 were insured.

NORTH-WESTERN FRUIT GROWERS ASSOCIATION.—The Committee of arrangements of this association have issued a circular, stating that in consequence of the unfavorable character of the season, their exhibition for 1854 will be omitted.

ILLINOIS.—A Mass State Convention is to be held at Springfield, the 5th of October, of all opposed to the repeal of the Missouri Compromise, and to the further extension and consolidation of the Slave power, and in favor of the overthrow of the existing State and National administrations.

It will doubtless be a great gathering. Roll on the ball.

THE Know Nothing party have commenced an organization in Portland.

ARRIVAL OF THE NIAGARA—*Breadstuffs declined.*—The Str. Niagara arrived at New York from Liverpool on the 13th inst., with news that Queen Christina has been expelled from Spain, and her property confiscated. Bomersund had been dismantled and abandoned by the allies, and the fortifications at Hango blown up.

Flour had declined 3d in consequence of the favorable harvest, Wheat 1s, Corn 1s@2s, money easy, and Consols advanced ½d.

A NEW ENGLAND LADY COMING ON THE STAGE.—Miss M. E. M. Makeah, of Providence, Rhode Island, will make her first appearance on any stage at the New York Theatre on the 9th of October

THE Congressional Convention for the 9th district of Ill., which assembled on the 4th inst., continued in session 3 days before a nomination could be effected. On the 105th ballot S. S. Marshall was nominated. Resolutions endorsing Nebraska were declared to be passed by the Chairman.

THE Hunker Nebraska Congressional Convention in the Alton (Ill.) district, got into a row and adjourned with making a nomination.

H. W. Watterson, of Tennessee is spoken of as Governor of Oregon, vice John W. Davis resigned.

DEATH OF A VENERABLE LADY.—Mrs. ELIZABETH FISH, widow of Col. Nicholas Fish, and mother of Gov. Fish, died at her residence in New York, on the 6th, at the advanced age of 80 years. Mrs. FISH was descended, in a direct line, from Gov. STUYVESANT.

THE Franklin Marine & Fire Insurance Co., of Saratoga, has failed.

THE report of the death of Mrs. BRIGGS, the "little one," who was exhibited in this city, by Col. Wood, some 14 months ago, is contradicted by the Portsmouth (Ohio) Republican.

REAL ESTATE AT LA CROSSE.—One day last week, Mr. Myrick, one of the original proprietors of this village, sold a middle lot on Front Street, fronting the river for $1,400, in cash. This same lot three years ago last spring was offered for $75. There are no improvements on it, but we understand the purchaser contemplates putting up a substantial store.—*La Crosse Rep., 6th inst.*

☞ THE CHEST. ☜

SIR ASTLEY COOPER, BART., M. D.,
THE EMINENT MEDICAL PRACTITIONER, HAS LEFT A VALUABLE LEGACY TO THE WORLD IN HIS
Great Preventive of Consumption, and Unfailing Cure for Pulmonary Diseases
WITHOUT THE USE OF MEDICINE!

Sir A. C., Bart., invented and advised the use of the
MEDICATED FUR CHEST PROTECTOR,

TO all persons of all ages and conditions, as a certain and a safe shield against those fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the exposed state of the chest, *according to fashion*, and the continual changes of our climate.

"The Protector" is simply a chemically prepared fur, lined with silk and padded, which, suspended from the neck, covers the chest in so agreeable manner that, when once worn, it becomes *a necessity and a comfort.*

"The Protector," although but recently introduced into America, is making rapid progress through the United States, the Canadas, South America, and the West Indies. It has for a long time been a staple article in England and on the continent in Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts enquire of any English resident in your vicinity of his knowledge of the beneficial effects of wearing the Protector, WITHOUT RECOURSE TO DOCTORING of any kind. The cost of wearing these articles is a mere trifle, and one will last some years. No one who values the health of himself or his family will be without them. The Hospitals in this country are not only recommending them, but rapidly introducing them. Harcourt, Bradley & Co., of London and Manchester, England, were originally entrusted with the manufacture of the Protectors, by the lamented Dr. Cooper, and continue to manufacture them according to *Sir's original* instructions, and, therefore, recommend those who would wear "The Protectors," to see to their being genuine.

☞ *Remember this is a staple article and no patent medicine.*

THE HYDROMAGEN is a valuable discovery for protecting the feet from damp or cold, and therefore a preventive of many Lung diseases, *without any doctoring whatever.* The Hydromagen is in the form of a sole, and worn inside the boot or shoe. Its *medicated* character is a powerful antidote to disease.

For Gentlemen it will be found agreeable, warm and healthy, to wear in the coldest or rainest weather, as the foot cannot become wet if the Hydromagen is inserted.—Ladies may wear the lightest soled boots or shoes in the most inclement weather with impunity; while Consumption, so prevalent among the young of our country, may be thwarted by their general adoption. They entirely *supersede overshoes*, as the latter cause the feet to perspire in a very unhealthy manner; and, besides, are not dangerous for pedestrians to wear in icy weather, like india rubbers. While the latter cause the feet to appear extremely large, the Hydromagen, being a mere thin slice of cork prepared, peculiarly placed inside, does not increase the size of the boot, or cause the feet to appear untidy. To Children they are extremely valuable, as they may engage in exercise with comfort and healthy effects. Their expense is so slight as to scarce need mention; besides, those who patronize them will find their *yearly doctor's bills much diminished thereby.*

As the Hydromagen is becoming more known, its sale is increasing to an almost incredible extent. Last year in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburgh, and Berlin our sales reached 1,732,430 pairs of Cork Soles. This year the number will far surpass that.

Ask the Faculty their opinion of their value as a preventive for Coughs, Colds, Bronchitis, Asthma, and Consumption.

WANTED—Immediately, at this office, an active, industrious boy, 15 or 16 years old, to learn the art of printing.

COMMISION BUSINESS.—Mr. S. S. Merrill, until recently conductor on the M. & M. R. R., has commenced the commision business, at the warehouse, in this Ward, formerly occupied by Messrs. Bell & Button.

Mr. Merrill has been conductor on the M. & M. R. R. from its first opening up to some four weeks ago, and we believe no accident ever occurred to any train under his charge, which resulted in the injury of a single passenger.

Of his success in his new business there is very little doubt.

NORTH STAR.—This new steamer, built at Cleveland for the Lake Superior trade, is 274 feet in length, 15½ feet depth of hold, and has a capacity 1,100 tons. She has 68 well arranged State rooms, and is commanded by Capt. Sweet. She has started on her first trip, and takes the place of the Northerner, which will in future ply on the Green Bay and Buffalo trade.

PLUMS.—Mr. H. Catlin, of Wauwatosa, has shown us two yellow egg plums, grown by him, one of which measures 6 inches by 5½, and is but two years from the bud.

Elisha Whittlesy, First Controller, has tendered his resignation. The Secretary of the Treasury interfered too much with his duties.

THE Grant Co. Mass Republican Convention resolved to call Assembly District Mass Conventions to nominate Assemblymen in that Co.

OLD LINE WHIG is the name the Sentinel applies to the Hunker Whigs who refuse to unite in the Republican movement.

JNO. F. BRADY, Esq., a well known lawyer of New York City was beaten to death by a party of rowdies, on Friday morning.

THE St. Charles Hotel has been opened in Syracuse. Richard Savage is the proprietor. The hotel cost $40,000. The furniture, &c., will cost $16,000.

MILITARY ENCAMPMENT.—Arrangements are being made for an encampment of all the military companies of the State, in this city, on the occasion of the State Fair in October. The tents will be pitched in the vicinity of the Fair grounds.

GRISI AND MARIO.—The New York *Tribune* says: "There is a rumor about town that Madame Grisi and Signor Mario will break off their engagement and sail for Europe on Saturday week.

THE report of the massacre of Lieut. Grattan and company—including a sergeant, a corporal and 20 privates, by the Indians at Fort Laramie is confirmed.

THE agency of the N. Y. Central R. R. Co., in this city, has been discontinued.

THE potatoe crop in some parts of Iowa is affected by the rot.

THE Philadelphia Register has been discontinued in consequence of the high price of paper.

SUICIDE.—A man hung himself to the limb of tree at Chicago, on Monday night.

CORN has come to maturity in Minnesota, this season, in just 92 days after being planted.

The total number of deaths in Buffalo for August, were 569.

See notice of sale of Dry Goods at Wall's to-morrow.

From Washington.

WASHINGTON, Sept. 8. James H. Young, United States Consul at Curacoa, starts for New York on Monday.—Secretary Marcy fully endorses his course, and the entire Administration commend him.

The Treaty between the United States and Netherlands is liberal and advantageous to us. It provides for the recognition of American Consuls in Dutch ports.

The Sandwich Islands annexation story is not credited by the Administration.

The *Star* asserts that the St. Domingo negotiations refer only to the securing of a West India port for the use of American shipping, where their privileges will be superior to those of all other nations.

The Secretary of the Treasury has approved of the new design for gold dollars, and sent orders to the Mint to commence striking them off.

The kidnapping case, already alluded to is creating some excitement. The girl has been traced, and will be recovered.

Stephen A. Douglas at Morris.—Another Outrage.

By a private dispatch from a friend in Morris, we learn from that Douglas spoke there on yesterday. He was listened to quietly, till he had finished, after which the *meeting passed resolutions condemning his course and the Nebraska Bill!*—All honor to Morris for this prompt and decisive condemnation of the Traitor.—*Chicago Tribune, yesterday.*

BOSTON, Sept. 13. The Europa sailed at noon, with 200 passengers and half a million in specie.

NEW YORK, Sep. 13. Several failures among stock brokers, are announced this morning, in consequence of a great *rise* in Erie.

BALTIMORE, Sept. 13. QUEEN VICTORIA has ratified the fishery treaty, and orders have been sent to Canada for the immediate admission of our fishermen to the unrestricted freedom of the fisheries.

THE FUGITIVE SLAVE CASE.—The result of the examination of the persons who sought to arrest an alleged fugitive slave in our streets on Sunday, was not concluded yesterday.

These ruffians meet an unarmed negro in the public Street on Sunday, claim him as their *property*, and forthwith seek to bind him and carry him off without trial, to eternal bondage. In endeavoring to escape his hunters a pistol is fired at the fleeing negro, with the probable intent of killing him, rather than that he should escape.

Such are the plainfacts of the case, and it is not at all to be wondered at that it should have created excitement, and aroused indignation.

We have no doubt this occurence will afford occasion for fulminations against the "abolition" city of Chicago, by the Administration Press—that we shall have more of "mob spirit" and the like; but had a negro slave been seized in a public street of any slave city in the Union, and attempted to have been carried into freedom we should doubtless have had bloodier account to render than is furnished by the record of this proceeding.—*Chicago Jour.*

Oregon News.

HIGH PRICE OF LABOR IN OREGON.—The Portland Times says the demand for labor in that Territory exceeds the supply. Carpenters receive from $4 to $5 per day, blacksmiths the same, day laborers from $2 to $3, and four farmers are paying as high $3 per day for hands to harvest. Taking this to be the basis of the price of labor, it will be readily seen that however productive our land, our mines, forests or fisheries, we cannot compete with other people in the market.

GREAT NEWS FOR THE LOVERS OF OYSTERS.—The Times learns that a large ten-acre bed of oysters has been recently discovered by the oyster boys, at Shoalwater Bay. They are said to be superior to the Baltimore oysters. This, if correct, is a God-send to us poor dainty-starving individuals, and affords an instance of the natural products of Oregon and Washington.

IMMIGRANTS.—The immigration for Oregon this year is small. Quite a large number are going to Puget Sound, W. T.

A CALIFORNIA ORCHARD.—The *California Farmer says*, that in the orchard of Mr. Jesse Beard, at the Mission of San Jose, are the following: 1,800 apple trees, 1,000 peach trees, 300 apricot, 200 cherry, 250 plum, 150 pear, 100 quince, 150 fig and grape. There are also very fine currants, raspberries, strawberries, and blackberries, and 6,000 young trees in nursery rows. Connected with this orchard is a farm, containing 50 acres of fine grain, 50 acres of potatoes—the finest we have seen this season; 50 acres of sundry vegetables, corn, peas, beans. Around this orchard and farm there is a fine wire fence of two miles in length, and 2 miles of Osage Orange; and what has been done, has been well done.

RAILROAD FREIGHTS.—The Madison Argus replies in defense of its statement, in regard to prices of freight for that place:

"Messrs. Nelson & Co., wheat buyers, have furnished us with the following list of prices which have been established by the Superintendent to take effect from this day:

Stark Mill L. B., Rye and Wheat, and other bags same size,.....	45 cts.
All smaller bags,.....	40 "

The Stark Mill bags are intended to hold 2½ bus., which is 18c a bushel as stated. We can not regard this as any thing less than an imposition upon our town, and the neighboring farming community."

Fruit of Wisconsin.—Mr. B. V. Chambers of Milford, brought in a load of as fine apples as ever graced the stand of an eastern market.—He sold them at $1,50 and $2,00 a bushel, and could have sold a dozen such loads, we believe, without moving from his first stopping place in the street.—*Watertown Chron.*

Patrick Downs, Esq., of New Berlin, exhibited before our *sanctum*, on Monday morning last, a corn stalk from the farm of Mr. George Wedge, of that town, which measured 15 feet. —*Waukesha Dem.*

Harvest Ripe Corn.—We have noticed upon the street for the past week loads of fine ripe corn, of large size and excellent quality. This we regard as something unusual for this latitude and something rately realized except in the neighborhood of La Crosse. Corn full grown, well-filled, of large size, such as will yield from 60 to 80 bushels to the acre, ripe, harvested, and in market by the 24 of August!—*La Crosse Dem.*

A miner from Burnt River thinks those mines there will probably pay an ounce per day when worked to advantage. The gold resembles that of Feather River, in California.

THE HARVEST.—The wheat now being harvested is of the best quality. Beautiful weather for securing grain.

THE FIRST BEES, in good working order, were brought from the Atlantic States, via Panama, by John Davesport, Esq.

A direct trade has been opened between Oregon and China. Capt. N. Crosby, Jr., has made two voyages. He is going to touch at Japan.

Never Failing Remedy.—Among the immense number of patent medicines discovered, there are but very few that possess any real merit. Of this last class, the discoveries of Dr. Holloway, a celebrated English Physician, may be ranked as among the best, both on account of the character of the ingredients of which the medicines are composed, and the variety of diseases which have been effectually removed by their use. The Professor has established a house at 38 Ann-st., for the sale of the same throughout the United States, where parties may be supplied with them at wholesale.—*New York True National Democrat.* sep11 daw1w

Holloway's Pills and Ointment *have Cured a Bad Leg of Eighteen Years' standing.*—Mary Smith, of South Sixth-street, Philadelphia, (wife of Thos. Smith,) was to eighteen years a sufferer from a bad leg, which was swollen from the knee to the ancle, as large as a child's body. The doctors appeared uncertain how to treat her, as her health was so impaired that she was unable to move, and during the greater part of 1853, she seldom left her bed. On the 16th of October last, she commenced using Holloway's Pills and Ointment, in three months the swelling abated by using the Ointment, and the Pills strengthened her to a very considerable extent. In another month she was completely cured by these fine remedies alone!!

THE AMERICAN'S FRIEND!

HOLLOWAY'S PILLS!

TO THE CITIZENS OF THE UNITED STATES—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,

PURIFICATION OF THE BLOOD AND LIVER AND BILIOUS COMPLAINTS.

The citizens of the Union suffer much from disorders of the Liver and Stomach. Scarcely any are free from the influence of these destructive maladies Hence life wears fast. The fair sex, perhaps the most handsome in the world, up to a certain period, when, distressing to say, many lose their teeth and good looks while yet in the heyday of life Such sad evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly, and resemble plants in a congenial clime, where an eternal spring appears to reign. As it regards the preservation of the human frame, and the duration of life, much may be effected, and I say seriously, that health and life can be prolonged for many years beyond their ordinary limits, if Holloway's Pills are taken to purify the blood according to the rules laid down for health contained in the directions which accompany each box.
